The EFPM was founded on May 27/28, 1994 by the representatives of 14 European countries, who decided to create this organisation as a European body focused in working for Fair Play. The EFPM is a non-governmental, non-profit, non-political, autonomous organisation, that represents the common interests of its members, being the fulfillment, development and promotion of the aims of EFPM.

Since then, the EFPM has increased the number of corporate members up to 40 and established formal cooperation with International and European Sports Organisations through relevant Memorandum of Understanding. The EFPM is a non-governmental association working under the patronage of the European Olympic Committees. The main aim of the European Fair Play Movement is to promote Fair Play and Tolerance in the broadest sense (in sports and everyday life) at European level. The EFPM seeks to achieve this goal by supporting its members, by helping to promote Fair Play campaigns where sports organisations take the initiative, by cooperating with the authorities to foster Fair Play themes and by facilitating regular contacts between the various European sports organisations.

The EFPM is run by the Executive Committee composed of nine members chosen by the General Assembly. The members of the Executive Committee work in an honorary capacity.
